

RECOMMENDATIONS FOR CONDUCTING OPEN HOUSES **DURING THE CORONAVIRUS PANDEMIC**

REALTORS® have been categorized as “Essential Service” in Texas thanks to the work of Texas REALTORS®. However, Essential Service does not mean “business as usual.” Public health and safety remain the number one priority. This means being safe and considerate for the health of you, your clients, Appraisers, Inspectors, Mortgage Companies and more.

These are simply recommendations. Each agent and brokerage is responsible for conducting their own safe open house.

Social Distancing – Only admit the number of people that will allow for social distancing.

Open Doors and Check Lights – If possible, keep doors open to keep people from touching door handles. Turn on the lights in all rooms and even closets. Check after each guest leaves to make sure they are still on.

Disinfect – Wipe down surfaces in between visitors.

Provide

- ✓ Hand sanitizer near the entrance and at various locations throughout the home.
- ✓ Disposable face masks
- ✓ Disposable shoe covers

Discourage – Sitting on furniture and touching surfaces.
